# Hello Members,

In this Newsletter you will find all the information for the 2017 AGM and General Meeting to be held 1<sup>st</sup> July. It's a week later than normal due to changes to some show dates and the Kalbar Show being held on our usual weekend.

The two Branch Kid & Goatling shows are 'dun and dusted' and with Toowoomba show over also it's now into all the Ag shows. So good luck to you all and stewards, please remember, it is your responsibility to make sure your local show secretary/committee is aware of the changes to the Johne's and the NLIS regulations relating to dairy goats.

**AGM:** 2016 AGM & GM information, minutes and nominations start on page 5.

# Happy Goatkeeping, Iris

## President's Update

As this is the last Newsletter before the Qld AGM I would like to extend an invitation to all members to attend and participate in the running of their Branch. Due to changes with show dates the meeting has been moved to 1st July this year.

Please ensure you read the information regarding showing as there have been changes with what paperwork is required. Thank you to all the members who are working so hard promoting the goats at shows. Many hours go into the preparation and then also the clean up.

If you or you know of a member that has had losses due to recent Cyclone Debbie, committee would like to know so that support and assistance can be offered.

*Cheers Tricia*

# Vale Gloria Baird

Committee has been informed via Western Australia that Gloria Baird has passed. Gloria was a well known and respected Australian Panel Judge who moved to Queensland several years ago.

1) Stewart & Julie Adams, *Glyn Telyn Goat Stud*

Stewart and I started with goats about two and half years ago when I got some boer goats while he was away, he didn't know he liked goats until he come home and found I had them. I had just moved to our property about two months earlier, it was one of the Traveston Dam Properties that we purchased from the government, it was run down and had been empty for about five years. I initially got the goats to tidy up the paddocks because the property was over grown. After a short time Stewart warmed to the goats and liked them and we got a buck and bred them but he found them boring. As we were both previously Dairy farmers we decided Dairy goats would be more suitable for us. So just over 12 months ago I sold all the boer goats to a breeder and purchased some Saanen's and one Anglo Nubian. Now Stewart doesn't just like the goats he loves them.

### **Motion 1**

That the Queensland Code of Ethics on page 6 of the 2016 Branch Book which reads:

- ❖ "Not purposely breed any doe kept by me causing it to kid before it is 12 months of age...

**be changed to read**

- ❖ "Not purposely breed any doe kept by me causing it to kid before it is 15 months of age...

### **Reason:**

The welfare of the animal is of paramount importance and early kidding can lead to complications if the doe is not mature, or well nourished. The longevity of the goat and its milking ability can be compromised which in the long run is not conducive to financial gain.

Moved L Morley Seconded R Bruce

What is the definition of ethics?

**ethics definition.** The branch of philosophy that deals with morality.

# REMINDER FOR SHOW STEWARDS AND EXHIBITORS.

Please be reminded that the legislation regarding stock movement changed and different forms are to be used when moving your stock. There seems to be some confusion regarding what the new requirements are. Basically all stock movements need to be recorded, and that includes taking stock to shows.

**STEWARDS:** Show societies can be audited, and it is your responsibility to ensure all the required paperwork is collected and retained for the show society and if it is a Branch Show the paperwork is to be forwarded to the Branch Secretary to be held for future reference. What is needed is a copy of the stock movement forms for each exhibitor, any health statement forms for those exhibitors on the GoatMAP scheme, the Show Sale and Exhibition certificate of compliance document, and the CRV certificates.

This form can be downloaded at <http://www.farmbiosecurity.com.au/toolkit/declarations-and-statements/>. You will find it at the bottom of the page. Should you have difficulty finding this or are not able to access the internet, please feel free to contact the Show Liaison Officer for assistance.

There is a new show entry form which has boxes for you to check when receiving the entries and entering them on the liaison forms. Please ensure you complete this section and retain all entry forms for possible reference at a later date.

Your compliance with this legislation is very important. Thank you for understanding the importance of complete records.

**EXHIBITORS:** When completing your entries for a show, please use the new entry form which you can find on the Branch website and if you do not have access to the internet or cannot print these out, please contact the Show Liaison Officer to forward hard copies to you.

You will also need to complete a Movement Record form found on [https://www.daf.qld.gov.au/\\_\\_data/assets/pdf\\_file/0004/377806/BQ-0083-Movement-record.pdf](https://www.daf.qld.gov.au/__data/assets/pdf_file/0004/377806/BQ-0083-Movement-record.pdf) or an eNVD which is found on the MLA website and purchased with etokens. If using the Movement Record, you need to keep a copy for yourself and give one to the steward. The eNVD prints out in triplicate. This document replaces the old Waybill that was purchased in booklet form.

Those exhibitors who are on the GoatMAP scheme also are required to complete the Goat Show and Sale Declaration form found at [www.farmbiosecurity.com.au/wp-content/uploads/2012/11/Goat-Show-and-Sale-Declaration.pdf](http://www.farmbiosecurity.com.au/wp-content/uploads/2012/11/Goat-Show-and-Sale-Declaration.pdf)

3. This Goat Show and Sale Declaration form is valid for 6 months from the date of issue. The owner must notify the issuing government veterinarian or Animal Health Officer of any change in herd status or other information provided on the form subsequent to completion of this form.

**THIS FORM IS NOT ACCEPTABLE AS AN ENTRY PERMIT TO OTHER STATES AND/OR ZONES**

**Footnotes**

2. Should an exhibitor not be able to complete this declaration and believes there may be extenuating circumstances he or she should contact the Agricultural Society.

- Spring spectacular trophy has been engraved ready for presentation at the K&G show next weekend
- The entry form has been updated with a check box for the Steward to tick when the CRV certificate has been sited/ handed in. Suggestion that we should also include a box for the GoatMAP participants as they require consideration when allocating pens etc. This addition was accepted by committee and will be included on the entry form.

- Information regarding WiFi device to be purchased by the Branch; to purchase a device outright would cost \$79 but will not be compatible with the NBM which is being connected in the Lockyer Valley at the beginning of June. It would be more prudent to wait the couple of months and revisit this issue then. Subsequently this issue has been put on hold for the time being.
- TWBA Royal: reply from Cooloola Custom Stockfeed regarding sponsorship indicates that they have allocated their sponsorship for 2017 but are asking what is needed for 2018. P Jessen has requested assistance with the cost of the judge in lieu of trophies.

Balance of Account as at 10/03/2017 - \$8,832.06

Basil & I attended Bendigo Bank at Canungra & a stop was placed on cheques No: 000575 (21/8/16, \$40 to R. Bruce for QCAT G. Plog exp.– reason: lost), No: 000597 (6/11/16, \$75 to Rosewood Community Centre, yearly donation for use of venue for committee meetings, reason: lost)

As discussed & approved at last committee meeting, 12/2/17 \$40 would be taken off cost of R. Bruce's B/Book Ad in lieu of giving out a replacement cheque, bringing cost of Ad down from \$65 to \$25.

Donna Hanlon at Rosewood Community Centre confirmed that they did not receive the \$75 cheque in the mail. A cheque for \$50 was left at the Community Centre for them in Nov. last year. This was \$25 short of what was approved by committee for this purpose. I offered to send a cheque for \$25, but Donna said it was unnecessary as they were happy with the \$50 already given. Thank you Donna.

I ask Committee to approve payment for \$56.50 as reimbursement to P. Colbran for her payment by card to Toner Gear for 1 Black Toner Cartridge on 6/3/17 to enable completion of printing of the March Newsletter.

I also ask Committee to approve payment to myself for the Purchase of the 4 Trophies to be presented at Kid & Goatling Show on 19/3/17. Paid for by phone with my credit card 7/3/17, \$134 incl. delivery. QLD Branch Trophies : 2016 Dairy Doe of the Year, 2016 Dairy Doe Kid of the Year ( x2 – equal points winners), 2016 Qld Branch Sire of the Year.

I have sent a letter to Liz Allen, a councillor with the RNA/Ekka asking for her assistance in negotiating a fair price & inclusions for the Branch Promotional Stand at this year's Ekka. My thoughts are that we really need to get the cost down to no more than \$500. Hopefully I receive a response in the near future.

I have also done a letter to Olley's Orange asking if they are interested in stocking our soap as they had done in the past, when Patricia Smith was Treasurer. It would be great to be able to increase our soap sales.

Unfortunately Mi-Feed will not be able to assist with any Sponsorship for our Shows this year. I had contacted Toni asking for possible support for Boonah Show & the K&G Show. I received an email a couple of days ago from her stating that there was

a change to their sponsorship budget & thanking me for my past support & continuing to buy from Tamborine Traders. I sent a response of understanding & appreciation.

On a more positive note, Anitone have shown support again & I have 4 x 1litre bottles for both the K&G & Boonah Shows.

I have sent a letter of request to Coral Wilson at Wilson Ties Chartered Accountants advising that Committee had voted at last year's AGM/Gen Meeting that we engage them to audit the financial records of the Branch.

Invoices for Branch Book Ads have been posted & some payments for same received. I suggest we ask Scott to put a reminder on the Website in a week or so to state that payments are now due. Further to this, I have not done an Invoice for the Ad for Dairy Express. As there had been no confirmation from them before printing of B/B, I would like to suggest that the Ad printed for them be complimentary. I believe that as the major Sponsor of our Branch Show that they are well entitled to this respect.

Moved E Rogers Seconded I Millett "that the advertisement for Dairy Express in the 2017 Branch Book be complimentary." *CARRIED*

Total of Invoices for Branch Book Ads was \$532.50, but amended to reflect the \$40 owed to R. Bruce, bringing it to \$492.50.

It was brought to my attention by E. Rogers that we should look at the possibility of reducing the cost of the B/B Ads, due to the fact that quite a number of members may now choose to receive their copy online.

It was noted that this had already been discussed at the past meetings and will need to be revised and made public to members before the closing date for the advertisements for the 2018 Branch Book

End of financial year for the branch is 31/3/17.

The postage for the return of the Poldark Trophy will be forwarded to K Hopkins.

Moved L Morley Seconded B Rogers, "that the report be accepted and the accounts passed for payment." *CARRIED*

**Website** New site up and running. Thank you to S Payton. Information regarding requirements for stock size health etc is to be forwarded to Scott for inclusion on the site.

### **Milk Awards:**

**Dairy Doe:** Trophies for the 2016 awards are ready for presentation thanks to L Morley.

**Export:** There have been a few enquiries this month;1 for Saanen Bucks for Indonesia.; Toggenburg Semen wanted by a vet in NSW; Large order for Saanens 1000 for China. This is from two new export agents, that have started up after leaving Elders International;1 For a new breeder in NSW looking for Saanens and Anglo Nubians I passed that on to Daryl and James and Jenny Jones as the breeder is from NSW.

**Facebook: Nil**

**Newsletter:** March issue ready for distribution when toner arrives to finish the last 40 pages. It is of note that the last toner purchased for \$220.50 lasted for the Branch Book, the January News, Promo items for D Golightly and all but 40 pages of the March edition of the newsletter. An around table discussion took place regarding improvements to the format for the newsletter.

**RNA:** A letter regarding the information stand has been forwarded and we are awaiting a response.

**AGW:** I Millett has forwarded articles/photos to S Seager for inclusion in the April Edition. L Morley has also sent in an article.

**SOAP:**

Box ordered for 20th February to go to Tenterfield was collected and paid for.

Box yet to be taken to Cottons in Gatton.

Direct payment into the account for the soap sales for this month = \$147.50

Stock on hand = 17 boxes and 103 cakes

**Federal Council.** Motion from R Bruce regarding following up on complaints both at state and federal level and the legal obligations to the members by the Federal Body. This motion has been forwarded and supporting documentation is to be sent on to A Fogg for inclusion with the motion.

As no other director is able to attend, only P Colbran and G Roger and R Bruce, will be attending this year. Those directors who are not able to go, please ensure that you complete your proxy form and have it submitted on time.

**Shows****TWBA Royal**

## HOMEOPATHY – Part 1

Raewyn Bruce has kindly lent me some books on the use of homeopathy and I will include some information from and about the books, authors and treatments in newsletters as space permits starting in this issue. These books have been printed or re-printed between 1998 and 2002. There may have been others printed more recently so please check treatments with your vet or a current, practising Natropath. I found this book I'm starting with really does appear to cover everything you would want to know. And please remember that not all of our members have the internet.

**Editors Note:** Timothy Dooley trained as a Homeopath and later as a medical doctor so can see ‘both sides of the apple’ so to speak.

**NOTE:** when using homeopathic treatments they aren't always the only answer and sometimes an animal may still require treatment from a qualified veterinary surgeon.

# HOMEOPATHY, Beyond Flat Earth Medicine.

An Introduction for Students and Patients by Timothy R. Dooley, N.D., M.D.

## Preface:

For years my patients have asked me, “What book do you recommend I read to learn about homeopathy?”

Despite an abundance of books on the subject, there was no single book which I felt explained the concepts and information needed.

So, I wrote one. This book is based on my own experiences and observations, which over the years have confirmed the basic theories of homeopathy.

Few people really “get it” when they are first introduced to homeopathy. The concepts are straight forward, yet somehow elusive. People attempt to understand and interpret homeopathy based on their prior education and experience. This is only natural, but will limit their ability to perceive something truly different.

Most physicians foolishly reject homeopathy, despite the fact that they know nothing about it. After all, how valid can it be if they, the experts, were not taught about it in medical school?

Homeopathy, however, stands on its own. Its increasing popularity and use suggests all healthcare providers, whether or not they agree with homeopathy, should at least be familiar with its basic tenets and those who practice it responsibly.
